

“WHO’S DOING WHAT?”

JAMES F. WELLS – I am now 96 years old (wife 92). I work in the yard and help out in the house. I am no longer able to travel. I retired in 1985 from Chevron Team in Panama City, FL. After 40 ears of service in various assignments.

LARRY POND – Volunteer and the local YMCA doing woodworking.

DICKIE DOMANGUE – Enjoying Life.

DICK V. VALENZUELA

At 84 years – Still building Hot Rod!
I hope I never grow up. Hey to all that are still with us, stay well and keep moving.

DANIEL D. JOHNSON – All is Good! Living in the Blue State of Massachusetts. Can’t understand cars can run here without Chevron fuel. Love seeing signs from time to time of a Texaco logo or reference to Chevron. Wish we had kept the Gulf brand. Happy to be alive traveling, volunteering and connecting with friends – new and old. Peace. Love the CRA Global Affiliates and welcoming news.

SAM D. PIERCE – After many years offshore, I sold my farm and moved back on the water at a lake.
