

“WHO’S DOING WHAT?”

DENNIS BENEDETTO – CHEVRON (ALNG Project) Retired in Venice, Florida. Enjoying sunshine – dodging hurricanes. Playing golf. Working part-time at a local golf course as a starter/ranger. Loving friends and family

JOHN R. MORCOS – CHEVRON (COPI) I HAVE BEEN RETIRED FROM Chevron 9 years. Since then, I have tried my hand at city politics – that wasn’t much fun. I also started up a Solar Design and Installation Company – that was fun as well as a good technical and business challenge. After a few years, it began to interfere with my travel plans – so that got sold.

I have travelled extensively; mostly to Europe. I live on Cape Cod, MA, in summer and Laguna Beach, CA, in winter. I fly my own plane (I wish it was bigger, faster, etc... but it isn’t!) and I power boat all over the Cape.

My wife, friends, and dogs are my life – Chevron: you were an important part of making it all possible! Thanks!!

PATRICIA REAGAN – UNOCAL I am still plugging along. Just enjoying my life at 92! Spending time with my family.
