

“WHO’S DOING WHAT?”

Don and Doris Silva - Still living in Hemet, CA. (since 4/1987) and still traveling as much as we can – Hawaii, my home, usually Kauai / Hawaii / Oahu. We usually go either in the Spring or Fall to visit family and friends. In October 22 I hit 95 years young – trying to stay healthy as I am able to do, but like us all have health issues.

Chevron was a “Great Company” to work for – was for many years going to Retire – remained in San Diego until it closed. Now I am with South Bay CRA.

To all retirees with whom we crossed paths in our work environments, “HI TO ALL”

Don and Doris Silva
