

“WHO’S DOING WHAT?”

Thanks to all who send us news, I enjoy reading what’s happening in your world and know others do also.

Lou Bauman (C) writes, retired in 1992, moved to Idaho; still going strong. Doing everything my wife tells me to do! When I *hear* her!! 😊

H. Alfred Clausen (C-new member) writes, I retired in November 2018 from Chevron Shipping and spent most of last year packing, moving, selling a condo and buying another closer to our kid and grandkids. Now I am spending most of my time reading and studying, building computers and programming them. I also spend time on playing with electronics and microprocessors. All of the above can change at any time.

Jim Dunlavey (C-new member) writes, traveling (US, North America, Latin America, Europe, Asia), gardening, reading/study of history (U.S. and Western Civilization mostly), reading and research on various geological topics, hiking/some cycling. Looking after children (one still in college) and grandchildren.

Francis Flynn (T) writes, coasting along. Wife and I are both in our 90s. Nursing a broken hip just now. [Global Affiliates sends our best wishes for a full and speedy recovery.](#)

Bruce Getchell (T) writes, starting last week of January 2020 will be going for treatment of non-Hodgkin’s lymphoma for the 4th time. Will be 82 in May. Was fortunate to be physically fit to go to my camp in Astle, New Brunswick, Canada this past November for deer hunting. Got a nice 8 PT. buck. Hope to go to camp in May and fish for strip bass in Mirimachi, New Brunswick. [Global Affiliates sends our best wishes that your treatments are successful.](#)

Scott Hills (C-new member) writes, I was hired in 1989 by Chevron’s upstream R&D lab (COFRC) in La Habra, CA and retired in 2019 while working for ITC in Houston. Soon after retiring, my wife and I moved into our just completed dream home in the Gallatin Mtns 12 miles ESE of Bozeman, MT. Three days after moving in, we woke to find a herd of ~30 elk bedded down around the house. In addition to the wildlife, we’re enjoying Bozeman’s diverse arts, culture and restaurant scenes, Montana State University, and the local skiing and snowshoeing. Come spring we’ll be hiking in the mountains and attacking several nearby, world-class fly-fishing rivers. Add our travel bucket list, and we’re like two kids in a candy store: so much to eat . . .

Betsy Hosick (C-new member) writes, I live in a golfing community in the Rio Grande Valley close to South Padre Island, TX. We are fortunate to have multiple activities that involve nature, conservation, birding and a tight knit community. We volunteer three days a week, pursue my photography obsession and spend the rest of our time with travel and family.

Tom Lionetti (C-new member) writes, travelling the world as nomads! Sold our home and going where the wind takes us: Portugal, Canada, U.S. national parks, New Zealand, Australia, South America, Sicily, Ireland, Scotland, Africa.

James Saulnier (Gulf) writes, I retired three times and went back to work for the town of Needham, MA – part time. 22 years since I left Gulf and now 4 jobs later still enjoy work. 33 years at Gulf Oil, Chelsea, MA.

Jim Schuetz (U-new member) writes, playing golf and traveling.
